

# ThermaLED Lighthouse Bollard

Nautical Series, ECB10

The coastal inspired Lighthouse Bollard provides pedestrian and parking area lighting with a seaside flair. Specially designed reflector cone optics offer excellently controlled, uniform lighting or opal LumaLens for soft lighting with uplight component. Typical applications include parking areas, walkways, and landscape accents.

## Features and Benefits:

- Energy savings of 80% or more versus comparable metal halide luminaires
- Precision reflector cone optics for controlled, uniform lighting or opal LumaLens for soft lighting with uplight component
- Type V optical distribution
- Lighthouse inspired louvered design in a durable sand-cast housing with weather resistant powdercoat finish
- Vandal-resistant, UV-stabilized polycarbonate lens protects internal components
- 9-37 watts, ThermaLED arrays with a range of 1400-5500 lumens, to easily replace legacy 70-100 watt HID systems
- Available in 3000K, 4000K and 5000K CCT (others available by special order)
- Easily upgrade existing bollard installations using our RetroBase Kit (see reverse)

Catalog Number: ECB10QF1X37U\*KC♦ (\*3K, 4K, 5K; ♦B=Black, Z=Bronze)  
Available Q4 2020
