

ThermaLED The Dot

ECDW5

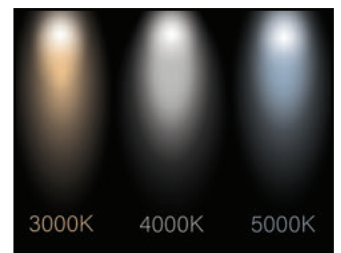

The modern-urban inspired Dot provides accent wall wash pattern illumination with a contemporary flair. The Dot's long-lasting LED lifespan is ideal for Architectural Accent Lighting to create a compelling exterior façade for years to come. The optional specially designed 120° and 180° shields transform The Dot into an Up or Down light.

Features and Benefits:

- Energy savings of 80% or more versus comparable metal halide luminaires
- Precision optics for controlled, uniform lighting
- Type V optical distribution
- Die cast housing with weather-resistant powdercoat finish
- Vandal-resistant, UV-stabilized polycarbonate lens protects internal components
- 10-17 Watt ThermaLED array delivers 760 lumens, up to 40 lumens per watt, designed to replace outdated Halogen and Compact Fluorescent lighting systems
- Available in 3000K, 4000K and 5000K CCT (others available by special order)
- Optional 120° & 180° shields create Up or Down light.

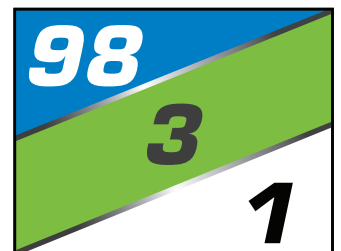

120° & 180° Shields are Available

3000K, 4000K, 5000K
