

# ThermaLED Wilmington Small Post Top Luminaire Contemporary Series ECWM12

The Wilmington Small ThermaLED Post Top luminaire combines contemporary aesthetics and installer-friendly features for area and walkway lighting projects. The IP66 sealed LED light engine offers excellent optical control and heat dissipation for long life. Open frame full cutoff optics control glare. The historically inspired traditional form uses smooth sweeping arms with articulated base fitter, and provides delivered lumens exceeding typical 100W MH fixtures. The Wilmington is perfect for multi-family residential projects, retail centers, town centers, and institutional projects.

## Features and Benefits:

- Diecast aluminum Lantern 12 1/8" diameter x 17 1/2" high
- Open frame has zero uplight to minimize light pollution and protect the night skies
- 9-37 Array watts - 980 to 4,030 delivered lumens, 3K, 4K, 5K CCT
- LED array is mounted in an IP66 sealed rotatable Light Engine with integral diecast aluminum heat sink
- Light Engine includes Integral Optics clear polycarbonate lens, IES Types II, III, IV and V
- IP67 fully potted 120-277VAC
- Diecast aluminum slip fitter for 3" x 3" tenon
- Twist-lock photocell, fusing, surge protection and battery backup available
