

# ThermaLED Wilmington Bollard

ECWMB12Q

The architecturally styled Wilmington Bollard provides pedestrian and landscape area lighting as a part of the Wilmington Family of luminaires. The Type III, IV, and V, IP66 sealed optics offer excellently controlled full cutoff uniform lighting making it ideal for a wide range of applications including parking areas, walkways, landscape accents and pedestrian plazas.

## Features and Benefits:

- Energy savings of 80% or more versus comparable metal halide luminaires
- Internal die cast aluminum heat sink
- Type III, IV, and V Polycarbonate sealed IP66 lens
- Durable die-cast fixture with extruded aluminum tube with weather-resistant powdercoat finish
- Vandal-resistant, UV-stabilized polycarbonate lens protects internal components
- 10-28 watts, ThermaLED arrays with producing up to 2,950 lumens, to easily replace legacy 70-100 watt HID systems
- Available in 3000K, 4000K and 5000K CCT (others available by special order)
- Easily upgrade existing bollard installations using our RetroBase Kit (see reverse)

Catalog Number: ECWMB12QF1X28U\*KC◇; \*3K, 4K, 5K; ◇Color  
Available Q4 2021  
Preliminary, specifications subject to change. Refer to published specification sheet for most current information.
